Why Freud was right about hysteria - The Conversation

In Freud's theory, the female sexual center shifts from the clitoris to the vagina during a heterosexual life event. Freud believed in a duality between how genders construct mature sexuality in terms of the opposite gender, whereas feminists reject the notion

Where To Download Freuds Women

that female sexuality can only be defined in relation to the male. Feminists development theorists instead believe that the clitoris, not the vagina, is the mature center of female sexuality because it allows a construction of mature ...
